- WooCommerce Setup & Customization
- Responsive Web Design
- Website Speed Optimization
- Website Migration & Backup
- Problem Solving
- Project Management
- Squarespace

EXPERIENCES

Senior Wordpress Developer

Arcignite Solutions 2023–Present

I've been working at Arcignite Solutions since 2023 as a Senior WordPress Developer. During this time, I've built many websites using WordPress, Elementor, and WooCommerce. I handle complete projects from setting up the site to making sure everything looks great and works smoothly. I also help clients with updates, fixes, and making their sites faster and mobilefriendly. I enjoy solving problems and making websites that people love to use.
